1. Claims 1- 3, 5 – 16, and 18 - 23 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art taken either singularly or in a combination fails to anticipate or fairly suggest the limitations of the independent claims, in such a manner that a rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in independent claims 1, 16, 20 – 23, for example which include an eye glass lens having the first aberration of the patient's eye is selected from the group consisting of spherical aberration and cylindrical aberration (claim 1); and the third layers being configured to correct a first portion of an aberration of a patient's eye to within .25 diopters (claim 16); and the first lens is a lens blank and the second lens is a lens blank (claims 20 – 23) .
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
